## MESSAGE FROM THE PRINCIPAL

On behalf of everyone at Nepean Creative and Performing Arts High School, I warmly welcome all our Year 11 students to the commencement of Stage 6. The decision to pursue the Year 11 Record of School Achievement (RoSA) in preparation for the HSC is a significant one and requires students to take full responsibility for pursuing learning growth in your Stage 6 courses. It is critical that all Year 11 students understand that 'opting out' of your learning is NOT an option; students are expected to actively participate in all learning activities and assessment tasks, and you should aim to continually improve the quality of your work.

The information in this handbook is intended to support students and parents in understanding the expectations and requirements of the Year 11 Assessment Program. Students are strongly encouraged to develop effective learning habits and study routines from the beginning of this year. Your teachers are here to provide additional guidance and support throughout the year and will assist you with identifying specific opportunities for improvement through goal setting and feedback. I encourage all students to embrace the advice your teachers provide, and to readily engage in ongoing conversations with your teachers about your progress. Your teachers are highly experienced and have a deep understanding of what success in learning looks like for all Stage 6 students, so they are well equipped to help identify the precise areas of development you need to focus on in order to achieve your best results.

Should you require any clarification on the contents of this handbook, please feel free to contact me, the Year 11 Deputy Principal, or Mrs Witheridge as the Head Teacher Secondary Studies.

I encourage all students to aspire the heights, to take care in all aspects of your school work, to make the most of every opportunity at Nepean CAPA High School, and let success be your reward as you embark on Year 11 in 2023.

**Ms Tania Irons**  
**Principal**

## PREAMBLE

The purpose of this, the *Year 11 HSC Assessment Handbook 2023*, is to communicate the policies, procedures and rules in relation to internal assessment in Stage 6 at Nepean Creative and Performing Arts High School. It seeks to provide contextual clarification of the rules and processes specified by the *NSW Education Standards Authority* (hereby referred to as NESA). This handbook also contains the assessment schedule for all Year 11 HSC courses.

At the commencement of HSC (Year 11) courses, students are provided with a hard copy of this handbook. Students are also expected to sign an acknowledgment that they have received this booklet. Please note that Nepean Creative and Performing Arts High School reserves the right to make any changes considered necessary after this handbook has been issued. Students will be formally advised of any relevant changes and updated versions will be accessible on the school's website, along with the forms referred to in this handbook.

Students need to ensure that they have read and understood these requirements and the procedures outlined in this handbook so that they are aware of their responsibilities and those of the school with regard to Stage 6 Preliminary and HSC assessment. This handbook can also assist students to effectively plan ahead and take responsibility for managing their own learning in 2023 -2024.

## 1. GENERAL INFORMATION ABOUT THE HSC

The Higher School Certificate (HSC) is internationally recognised and is the highest educational credential in New South Wales schools. It is awarded to NSW students who have satisfactorily completed Years 11 and 12 at secondary school and provides a strong foundation for students wishing to pursue tertiary qualifications, vocational training or employment.

### 1.1 ELIGIBILITY REQUIREMENTS

The rules and requirements for HSC eligibility are governed by NESA and are published in the *Assessment, Certification and Examination (ACE) Manual*. To be eligible for the HSC (see ACE 8004), students must:

- have gained the Record of School Achievement or such other qualifications as the NESA considers satisfactory;
- have attended a government school, an accredited non-government school, a school outside New South Wales recognised by NESA or a college of TAFE;
- have completed HSC: All My Own Work (or its equivalent)
- have demonstrated a minimum standard of literacy and numeracy (see ACE 4060)
- have satisfactorily completed courses that comprise the pattern of study required by NESA for the award of the Higher School Certificate; and
- sit for and make a serious attempt at the requisite Higher School Certificate examinations.

### 1.2 PATTERN OF STUDY REQUIREMENTS

To qualify for the HSC, a student must satisfactorily complete:

- A Preliminary pattern of study that includes at least 12 units; and
- An HSC pattern of study that includes at least 10 units

Both patterns of study must include:

- At least 6 units from Board Developed Courses;
- At least 2 units of a Board Developed Course in English;
- At least 3 courses of 2 units value or greater (either Board Developed or Board Endorsed); and
- At least 4 subjects.

To satisfy pattern of study requirements for the Higher School Certificate, a student may count up to six units of Science in Year 11 and seven units of Science in Year 12. For example, you can only enrol in an extension course if you are completing the 2 unit course requirement.

### 1.3 SATISFACTORY COMPLETION OF THE PRELIMINARY COURSE

Students studying an HSC course must make a genuine attempt to complete the course requirements. To be determined to have met the requirements for completion of HSC Courses, and in compliance with *NESA ACE Manual 8019*, students must be able to provide evidence to the Principal that they have:

- followed the course developed or endorsed by NESA; and
- applied themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school; and
- achieved some or all of the course outcomes.

Failure to satisfy these completion requirements may result in the student being issued a Non-Completion Determination for a course which may in turn impact eligibility for the RoSA progression to HSC courses and HSC eligibility

### 1.4 VET COURSE COMPLETION REQUIREMENTS

Students undertaking VET courses may be deemed to have either completed or not completed course requirements based on the course completion criteria, which, according to *NESA ACE Manual 8028*, are defined by:

- the HSC indicative hour requirements of the course
- the HSC course structure
- mandatory work placement requirements (where applicable and may be subject to COVID changes)
- the HSC Requirements and Advice for examinable units of competency in Industry Curriculum Frameworks
- competency-based assessment requirements.

If a student fails to undertake any mandatory work placement component it may be determined that the student has not made a genuine attempt to complete course requirements. In this case the Principal can indicate that the course has not been satisfactorily completed and the student may be issued with a non-completion ('N') determination.

### 1.5 HSC MINIMUM STANDARDS

Students need to demonstrate a minimum standard of literacy and numeracy to receive the HSC. Literacy and numeracy skills are key for success in everyday life. Achieving the HSC minimum standard means students will have the level of skills necessary for success after school.

Students show they have met the HSC minimum standard by passing online tests of basic reading, writing and numeracy skills needed for everyday tasks. Students will need to achieve a Level 3 or Level 4 in order to receive the HSC credential.

Students master basic skills at different stages so there are multiple opportunities available for students to understand what to expect and pass the minimum standard online tests, from Year 10 until a few years after Year 12. Some students will be eligible for disability provisions for the minimum standards tests, or an exemption from the HSC minimum standard requirement.

### 1.6 HSC PERFORMANCE BANDS

Student performance in each HSC course is measured against defined standards. HSC marks for each course are divided into bands and each band aligns with a description of a typical performance by a student within that mark range. The

performance bands and descriptions give meaning to the HSC mark. For a 2-unit course, Band 6 indicates the highest level of performance, and the minimum standard expected is 50:

- Band 6 = 90 – 100 marks
- Band 5 = 80 – 89 marks
- Band 4 = 70 – 79 marks
- Band 3 = 60 – 69 marks
- Band 2 = 50 – 59 marks
- Band 1 = 0 – 49 marks

Each band is aligned to what a student at that level of performance typically knows, understands and can do. The 'average' performance in most courses is usually a mark in the mid-70s (Band 4). Band 1 indicates that a student has not met the minimum standard required to be credentialed in that course. Band 1 includes marks ranging from 0 to 49.

For an Extension course, student performance is divided into four bands:

- Band E4 = 45 - 50 marks
- Band E3 = 35 - 44 marks
- Band E2 = 25 - 34 marks
- Band E1 = 0 - 24 marks

## 1.7 NESA STUDENTS ONLINE

NESA Students Online provides students in Years 10, 11 and 12 with useful information about senior school study, particularly on assessment, examinations and results, and how the HSC works. Year 10, 11 and 12 students in NSW are eligible for a Students Online account. The email address students have provided to NESA through their Confirmation of Entry along with the NESA Student Number are needed to activate the account.

HSC results are available to students via their NESA Students Online account. Students can download and print their full credentials from Students Online in December.

NESA is regularly updating its advice as the coronavirus outbreak unfolds. [Get our latest COVID-19 advice.](#)

## 1.8 DISABILITY PROVISIONS

Disability provisions in the HSC are approved by NESA and are practical arrangements designed to help students who have a permanent or temporary disability with practical support in the Higher School Certificate examinations. Regardless of the nature of the disability, the provisions granted will be solely determined by the implications for the student's functioning in an examination situation.

Schools are responsible for any decisions made at school level to offer provisions to students with a disability in course work, assessment tasks and in-school tests. NESA can offer no guarantee that school-determined provisions will apply in the Higher School Certificate examinations, as each application is individually assessed to ensure consistency and equity.

To apply for provisions, schools must submit an online application to NESA through Schools Online. Parents need to contact the Head Teacher Teaching and Learning to commence the application process. This application tells us which provision/s a student is requesting and includes recent evidence. Evidence may include medical reports, reading results, spelling results, writing samples and teacher comments. Decisions on applications will be communicated to the school through Schools Online and the school will communicate this decision to the student.

Students and parents/caregivers are strongly advised to consult the NESA website (<https://www.educationstandards.nsw.edu.au/wps/portal/nesa/11-12/hsc/disability-provisions>) for more information about Disability Provisions and or speak to the Learning Support Team.

## 1.9 REQUIREMENTS FOR AN ATAR

The Australian Tertiary Admission Rank (ATAR) is a number between 0.00 and 99.95 that indicates a student's rank against all other students in their state. The ATAR is not a mark, nor is it a summary of the HSC. Rather it is a ranking system used by the University Admission Centre (UAC) to allocate university placements to students in university courses.

To be eligible for an ATAR in NSW, students must satisfactorily complete at least 10 units of ATAR courses. These ATAR courses must include at least:

- 8 units from Category A courses
- 2 units of English
- three Board Developed courses of 2 units or greater
- four subjects.

Your ATAR is then calculated from your:

- best 2 units of English
- best 8 units from your remaining units, which can include no more than 2 units of Category B courses.

The calculation of an ATAR is optional. HSC students will need to indicate whether they wish to have their ATAR calculated via their NESA Confirmation of Entry.

Students and parents are encouraged to visit the UAC website (<https://www.uac.edu.au/>) for additional information on the ATAR.

## 2. ASSESSMENT PROCEDURES

Nepean Creative and Performing Arts High School is required to submit to NESA an Assessment Mark based on achievement, as well as a Rank, for each of the courses forming a student's HSC pattern of study. Assessment Marks are based on the formal internal school assessment program that students undertake as part of their HSC school-based assessment program. Some examples of task types considered appropriate for formal assessment in Stage 6 include, but are not limited to, presentations, reports, practical work, portfolios, journals, log books, process diaries, tests, compositions and formal written examinations.

### 2.1 THE SCHOOL'S RESPONSIBILITIES

Nepean Creative and Performing Arts High School is responsible for providing:

- Students with the *Year 11 Preliminary Assessment Handbook 2023*, which details the procedures and expectations of the school, its staff and students with regard to assessment in Stage 6.
- Students with Year 11 Preliminary Assessment Schedules (found in the *Year 11 Preliminary Assessment Handbook 2023*) for all courses that outline which components are to be assessed, when the assessment tasks are scheduled and the relative weighting that applies to each assessment task.
- NESA with an assessment of students' achievement in each course they have studied in Year 11 and Year 12.
- A register of Malpractice in HSC Assessment to NESA.
- Appropriate reporting procedures.
- A review/appeals procedure for candidates dissatisfied with their final ranking, or for disputes arising during the assessment program.
- Special consideration to students with a disability and others with special needs following endorsement by the Principal.

Faculty Head Teachers and course teachers are responsible for:

- Setting assessment tasks that:
  - Will be used to measure student performance in each component of a course.
  - Are effective at discriminating between students' achievement of outcomes in order to determine assessment rank.
  - Specify a mark/weighting for each assessment task.
  - Are of the same type and have the same weighting for all classes studying that course.
  - Include adjustments outlined in a student's Learner Profile to support a diagnosed disability
- Providing students with a written assessment notification for each assessment task that contains a more detailed explanation of the specific nature of the task. This notification will be issued at least two weeks in advance. In exceptional circumstances, the school may reschedule or substitute an assessment task with the written approval of the Principal or Delegate. In such cases, teachers will inform students of the new arrangements, in writing, at least two weeks in advance.
- Maintaining a register for all assessment tasks that acknowledges the receipt of the assessment notification (by the student), submission of the assessment task (by the teacher), and the return of the assessment task (by the student).
- Providing students with assessment task feedback at the completion of each task, which includes a mark or grade, rank (if applicable), detailed marking criteria and written feedback within two weeks.
- Establishing procedures for recording and reporting student performance on all assessment tasks. Records of all marks that form part of the assessment program are to be kept in duplicate and filed separately for security purposes.
- Issuing official NESA Non-Completion of a Course Warning Letters to students and parents/caregivers outlining the areas of unsatisfactory completion of the Year 11 and/or Year 12 course requirements.
- Ensuring that final cumulative school-based assessment marks are not provided to students and that students are aware that they can access their Assessment Rank Order Notice after the last HSC examination has occurred.

## 2.2 THE STUDENT'S RESPONSIBILITIES

Students are responsible for:

- Being familiar with the procedures and course information contained in this Handbook
- Attending classes regularly and ensuring their attendance enables them to achieve course outcomes.
- Demonstrating sustained diligence and effort in each subject and participating in all lessons constructively.
- Making a serious attempt at all assessment tasks and completing all other set tasks in order to achieve course outcomes.
- Ensuring when they are absent from school that they know it is their responsibility to know what work has been missed and how to complete that work.
- Ensuring when absent from school on the day an assessment task notification is issued that they know it is their responsibility to contact their Teacher and/or the relevant Faculty Head Teacher to obtain the task notification. No extension or leave will be granted if a student fails to carry out this action.
- Speaking with their Teacher, the relevant Faculty Head Teacher or the VET Coordinator for clarification about the requirements of the subject/course assessment program.
- Being present for, or to hand in, all assessment tasks at the required time as specified in the assessment notification.
- Submitting work that is their own. Any material copied without acknowledgment of the original source, and any actions in breach of the principles of honesty and integrity in assessment will result in penalties being imposed.
- Ensuring they sign the teachers Sign-On Register as evidence of submission i.e. one that was not completed during class time or in an examination. Disputes about lost assessment tasks will **NOT** be considered if the students have not signed the Sign-On register.
- Lodging appeals against marks awarded for an assessment task within two school days of receiving the marked assessment task. Note: two school days does **NOT** include weekends, public holidays or school holidays.

## 2.3 COMPLETION OF SCHOOL-BASED ASSESSMENTS

Students are advised of the following NESA Assessment Certification Examination (ACE) policies:

### 2.3.1 ACE 8073: COMPLETION OF HSC INTERNAL ASSESSMENT TASKS

NESA expects students to attempt all assessment tasks set. For all Board Developed Courses (except VET and Life Skills courses) NESA requires all students to follow an assessment program and have an assessment mark submitted. A student who does not comply with the assessment requirements and receives a non-completion determination in a course will have neither an assessment mark nor an examination mark awarded for that course. In the case of extension courses, students who do not comply with the minimum assessment requirements for a co-requisite course will not receive a result in either course. Minimum requirements are in excess of 50% of all school-based assessment marks.

### 2.3.2 ACE 8078: NON-COMPLETION OF HSC INTERNAL ASSESSMENT: FAILURE TO SUBMIT TASK

If a student fails to complete a task specified in the assessment program and the teacher considers the student has a valid reason (e.g. illness or endorsed leave), the Principal may decide that, in accordance with the school's assessment policy, an extension of time may be granted or a mark may be awarded based on a substitute task. In exceptional circumstances (e.g. where undertaking a substitute task is not feasible or reasonable, or where the missed task is difficult to duplicate), the Principal may authorise the use of an estimate based on other appropriate evidence. If there is no valid reason for failing to complete an assessment task, a zero mark must be recorded for that task. If a student's attempt at a particular task scores zero, the question of whether the attempt was a genuine one is a matter for the teacher's professional judgement.

### 2.3.3 ACE 8079: NON-COMPLETION OF HSC INTERNAL ASSESSMENT: PRINCIPALS MUST WARN STUDENTS

If it appears that a student is at risk of not meeting the internal assessment requirements in a course, a warning must be given. The Principal must:

- Advise the student in writing, in time for the problem to be corrected, specifying details of action required by the student and alerting the student to the possible consequences of a non-completion ('N') determination.
- Advise the parent or guardian in writing if the student is under 18.
- Request from the student and/or parent/guardian a written acknowledgement of the warning.
- Issue at least one follow-up warning letter (if the student is still at risk of not meeting requirements).
- Retain a copy of the warning notice and other relevant documentation.

## 2.4 ASSESSMENT TASK NOTIFICATIONS

Students will be notified in writing of the specific details of an assessment task at least two weeks prior to the task. The written notification of each task must include:

- The date and time of the task and/or when the task is due
- Outcomes assessed.
- Description of the nature of the task.
- Task weighting.
- Marking criteria/information about how the task will be assessed and how feedback will be provided.

## 2.5 MAINTAINING HONESTY AND INTEGRITY

All HSC candidates, their teachers and others who guide them must comply with NESA's *Honesty in Assessment Standards* (ACE 9022) to maintain the integrity of the HSC. Students should also read their course syllabuses and related NESA policies, such as those on malpractice and completion of a course, on NESA's website. Students must be entirely honest when completing all assessment tasks, examinations and submitted works. Students will be marked only on the quality and originality of the work they have produced.

## 2.6 HSC: ALL MY OWN WORK

To be eligible for the HSC, all students (unless they are only entered in Life Skills courses) must complete HSC: All My Own Work, a program designed to help HSC students follow the principles and ethical practices of good scholarship including the acknowledgment of sources of information. At Nepean Creative and Performing Arts High School, students usually complete this in Year 10.

## 2.7 MALPRACTICE

Malpractice is dishonest behaviour by a student that gives them an unfair advantage over others. It includes, but is not limited to:

- Copying part or all of someone else's work and presenting it as their own.
- Using material directly from books, journals, CDs or the internet without giving its source.
- Building on someone else's ideas without giving their source.
- Buying, stealing or borrowing someone else's work and presenting it as their own.
- Submitting work that someone else, like a parent, coach or subject expert, substantially contributed.
- Using someone else's words, ideas, designs or work in projects and performance tasks without giving their source.
- Paying someone to write or prepare material.
- Breaching school exam rules, including misbehaviour.
- Cheating in an HSC exam.
- Using non-approved aids in an assessment task.
- Giving false reasons for not handing in work by the due date.
- Helping another student to engage in malpractice.

Where the teacher responsible for a task has reason to suspect malpractice, this will be brought to the attention of the relevant Faculty Head Teacher, and notified immediately to the Head Teacher Secondary Studies. The Head Teacher Secondary Studies will establish a Malpractice Review Committee to review any cases of suspected malpractice and determine the appropriate action should malpractice be proven. Should the student wish to appeal the decision of the Malpractice Review Committee, they must submit this in writing to the Deputy Principal of Year 11 within five school days of the decision being taken (see Procedures for an Assessment Appeal Application and Assessment Task Appeal Application Form). The Deputy Principal will then convene a different panel to review the Appeal. If the student's Appeal is rejected, the student's parent/caregiver will be informed.

Malpractice in school-based assessment is a serious offence. If malpractice is proven, a zero mark may be awarded. Where malpractice involves plagiarism, depending on the extent of the plagiarism, the teacher may only mark the sections that have not been plagiarised, or the student may be awarded a zero mark. In cases of proven malpractice in HSC assessment tasks, all schools are required to register this information with NESAs.

## 2.8 STUDENT SUBMISSIONS OF ASSESSMENT TASKS

This Handbook shows the general timing of assessment tasks with regards to the school term and week. Precise submission dates and times for a hand-in task will be clearly specified on the assessment notification for each particular task. Teachers will provide students with a receipt acknowledging the task being received. Dates and times for examinations will be provided on the examination timetable.

It is the student's responsibility to check the submission method detailed on the assessment notification, as this may vary due to the nature of the assessment task, such as fieldwork, excursions, pieces of major work and in-school tasks, as well as whether or not electronic submissions will be accepted, preferred or stated. In certain situations, students will be required to complete a Student Attendance Slip for in-class assessment tasks and examinations as evidence of their attempt in tasks of this nature.

Students must submit the Assessment Task Notification Cover Sheet for all hand-in assessment tasks unless otherwise stated in the assessment task notification. In doing so, students make a pledge of honesty to uphold the integrity of assessment.

Students are expected to keep a copy of assessment tasks that have been submitted, until the task is marked and returned. This will enable the student to provide a copy of the task should the original submission be misplaced or a digital file corrupted.

### 2.8.1 FAILURE TO SUBMIT AN ASSESSMENT TASK

Failure to submit a task on time will result in a zero mark being awarded. If a student is absent on the day an assessment task is due, they may apply for Illness/Misadventure by following the procedures outlined in this handbook. Students submitting late work will receive an N Award Warning Letter notifying parents they have received a zero for that task and a new deadline will be set for students to satisfactorily attempt and submit the task as per NESAs rules. Failure to submit the assessment task could lead to an N Determination being granted for the course and ineligibility for graduation and the award of the Higher School Certificate.

### 2.8.2 SCHOOL ATTENDANCE ON DUE DATE OF AN ASSESSMENT TASK

Students must attend school and all classes on the day an assessment task is due. Should a student miss a class on the day an assessment task is due it may be deemed as unfair advantage and penalties or a zero mark could apply.

## 2.9 EXAMINATION PERIOD

A formal written examination is often in the same format as an HSC examination and typically draws from most or all content areas, topics or modules. An examination period is a dedicated time in which all examinations will be held for applicable courses. In Year 11 and Year 12, normal lessons will be suspended and students will only be required at school when their specific examinations are scheduled.

### 2.9.1 EXAMINATION PROCEDURES AND RULES

1. Students must read the examination timetable carefully and be prepared to attend exams at the times and venues that the school arranges. Students must arrive at the exam at least 10 minutes early. Concessions will not be made (such as extra time given) for students who arrive late for an examination or who miss an examination due to poor organisation.
2. Students must sit for all exams in which they are entered, unless they have an illness or misadventure, in which case they must notify the school immediately and follow the appropriate procedures.
3. Students should bring the equipment they need and know what equipment is allowed for each exam. Students are responsible for ensuring their equipment is in good working order because the school will not uphold misadventure applications for equipment failure. Students may not borrow equipment during exams. Exam staff may inspect equipment when a student enters the room and will tell them where to place any unauthorised items. However, exam staff are not responsible for these items.

4. Students must sit at the desk that shows their name and/or student number.
5. During the exam, students must:
  - a. Always follow the exam supervisors' instructions.
  - b. Complete the Student Attendance Slip as an official record of attempting the task.
  - c. Read the instructions and all questions carefully. Exam supervisors cannot interpret or give instructions about exam questions.
  - d. Write their name and/or student number on all writing booklets, question and answer booklets and answer sheets (unless that information is already printed on them).
  - e. Write clearly with black pen (only use pencil if instructed to).
  - f. Write answers in the correct answer booklets. Tell the supervisor if you use the wrong booklet, and write a note on the front and back of both booklets stating that you wrote an answer in the wrong place. Do not rewrite answers, but make sure you label and hand in all parts of your answers.
  - g. Answer in English, unless the question paper directs otherwise. If you do not write in English, you will receive zero marks for your answer.
  - h. Make a serious attempt at the exam by answering a range of question types. Answering only multiple-choice questions is not considered a serious attempt.
  - i. Stop writing immediately when the supervisor tells you to.
  - j. Follow the supervisor's instructions for arranging completed answers and wait for the supervisor to collect them.

6. During each exam, students must not:
  - a. Start writing until the Supervisor in Charge instructs you to do so.
  - b. Write on anything other than writing books, answer booklets or other writing material provided by the Supervisor in Charge. You should not write on any other equipment including your body, clothing or tissues.
  - c. Leave the room, except in an emergency. If you have to leave and want to come back to continue the exam, you must be supervised while you are out of the room.
  - d. Leave (finish) the exam in the first hour. Your school may not allow any students to leave early.
  - e. Leave the exam in the last 15 minutes.
  - f. Take an exam paper out of the room. Speak to your teacher if you want to see a paper afterwards.
7. Students must follow the normal school rules, behaving politely and courteously towards the exam supervisors and other students. Specifically, students must not:
  - a. Cheat.
  - b. Include frivolous or objectionable material.
  - c. Take any prohibited items prohibited into the room.
  - d. Speak to anyone other than a supervisor.
  - e. Behave in any way likely to disturb another student or upset the exam's running.
  - f. Be affected by alcohol or illegal drugs.
  - g. Eat unless approved by NESAs (for example, if you have diabetes).
  - h. Take any writing booklets or exam paper, whether used or not, out of the room.
  - i. Write on your body (for example your arms), tissues or material that is not exam material.
  - j. Leave the room if your principal requires all students to stay until each exam ends.
8. Supervisors can ask you to leave the exam if you do not follow these rules. It may also result in zero marks being awarded. If your actions might be illegal, you may also be reported to the police.

## 2.10 INVALID OR UNRELIABLE ASSESSMENT TASKS

An assessment task may need to be declared invalid and/or unreliable if it can be clearly demonstrated that:

- either one or more students were given an unfair advantage;
- the task was interrupted due to disruptions such as an emergency evacuation; or
- the task produced results that are significantly different to those expected to be produced by the cohort.

Students or their parents who feel that an assessment task meets the criteria to be considered an invalid assessment need to raise the issue in writing with their class teacher and the faculty Head Teacher no later than 5 school days after task results being distributed. The faculty Head Teacher will investigate the claim and, in consultation with the Head Teacher Secondary Studies and Senior Executive, will make a final determination on the validity of the task.

In the event an assessment task is deemed invalid, all students affected will be issued a suitable replacement assessment task with a minimum of two weeks' notice for the new due date.

## 2.11 SCHOOL MISPLACEMENT OF ASSESSMENT SUBMISSIONS OR CORRUPTION OF DIGITAL FILES

Should the class teacher or teacher marking assessments misplace a student's:

- a. Take-home assessment, the teacher will:
  - Immediately report this to the Faculty Head Teacher, Head Teacher Secondary Studies and Year 11 Deputy Principal
  - Advise the student and parent / carer
  - Request that the student provide the receipt for the submission of the assessment task
  - Request the student to provide a copy of the submitted assessment (refer 2.8 above) for markingIf no acknowledgment receipt and copy of the task can be supplied, the student will be: awarded a zero mark; issued an N-Award Warning; and be expected to redo the task.
- b. In-class assessment or examination, the teacher will:
  - Immediately report this to the Faculty Head Teacher, Head Teacher Secondary Studies and Year 11 Deputy Principal who will then collectively:
    - Advise the student and parent / carer.
    - Request that the student provide the receipt for the submission of the assessment task as proof of attendance and submission, and once provided.
    - Offer the student to re-sit the in-class assessment or examination and / or
    - Calculate an estimate for the task based on the student's performance in: the resat task or examination; other assessments that the student has completed; as well as the cohort's performance in the in-class task or examination. If the estimate is calculated early in the course, a re-calculation will occur once all assessments for the course have been completed.
    - Advise the student and parent / carer of both the initial and final estimate.
  - Document all conversations and correspondence in accordance with current school processes for future reference.

Should the student not accept either outcome, the student can lodge an Appeal of the student's final rank in the course in accordance with NESA's processes.

## 2.11 ASSESSMENT OF LIFE SKILLS OUTCOMES IN STAGE 6

Stage 6 Life Skills courses provide options for students with special education needs who are unable to access regular course outcomes, particularly students with an intellectual disability. The Stage 6 Life Skills courses can be undertaken in combination with other Board Developed and/or Board Endorsed Courses to meet the requirements for the award of the Higher School Certificate. Stage 6 Life Skills courses have Board Developed status. Each Stage 6 Life Skills course comprises a 2-unit 120-hour Preliminary course and a 2-unit 120-hour HSC course.

Each student accessing a Life Skills course in Years 11-12 will be assessed on their achievement of the outcomes selected through the collaborative curriculum planning process. The syllabus outcomes and content form the basis of learning opportunities for students. Assessment should provide opportunities for students to demonstrate achievement in relation to the selected outcomes. Assessment can occur in a range of situations or environments such as the school and wider community. There is no requirement for formal assessment of Life Skills outcomes.

Students entered for Life Skills courses may achieve the designated outcomes independently or with support. An outcome should be considered as 'achieved independently' if there is evidence that a student can demonstrate the achievement of an outcome either: without adjustments, or with adjustments that enable the student to access course work and/or demonstrate achievement during assessment opportunities. These adjustments should have been determined through the collaborative curriculum planning process. Schools are not required to use the Common Grade Scale (A-E) for Preliminary courses or performance bands or equivalent to report achievement for students undertaking Life Skills courses.

### 3. ASSESSMENT PROCEDURES AND STUDENT LEAVE / ABSENCE

In special circumstances, leave from school may be granted by the Principal during the Preliminary year. Any requests for leave will need to be made directly to the Principal in writing and will require supporting documentation to explain the special circumstances. The granting of leave during the Preliminary year should not be assumed. Students who are at risk of not meeting minimum course requirements will not be granted leave unless there are compelling and exceptional circumstances. If approved, students will be provided with details of all course work to be completed whilst on leave and any assessment requirements will also be indicated.

Students are expected to be present at school to participate in all learning activities, submit all assessment tasks and sit all examinations set as part of the assessment program for a course at the specified time. Students and parents/caregivers should NOT assume leave will be granted, particularly in circumstances where family holidays, social engagements or other matters of a discretionary nature clash with school assessment tasks and HSC tasks.

The Department of Education's position in relation to student leave is stated in the Student Attendance in Government Schools Procedures School Attendance Policy, in which students are discouraged from taking leave during the school term. This policy has been developed by the Learning and Engagement Directorate in 2015:

- 14.1. From the beginning of 2015, family holidays and travel are no longer considered under the Exemption from School – Procedures. Travel outside of the vacation period is now counted as an absence for statistical purposes.
- 14.3 A principal should not accept a reason for travel during school term if it is not in the best interests of the student. Educational, social and participation reasons should be specified on the application.

#### 3.1 WHEN STUDENT LEAVE CLASHES WITH AN ASSESSMENT TASK

All Stage 6 assessments are conducted within the guidelines set by NESA which make no provision for tasks missed due to leave. There are well-established protocols for illness and misadventure; however, requests for leave do not fall within these protocols. Students and families are expected to make arrangements to ensure that all requirements of the HSC can be fulfilled.

All assessments must be completed at the scheduled time, unless students are affected by illness or misadventure. Students absent from school due to leave must consult with the relevant Faculty Head Teacher **at least two weeks** prior to the scheduled task. Failure to consult within adequate time, and failure to comply with task submission requirements, may result in a zero mark being awarded.

All hand-in tasks due during the period of leave must be submitted prior to leave commencing.

Students with a scheduled in-class task, such as an examination, test, presentation, or group-work task, may not be able to complete this prior to leave commencing. In this case, a zero mark may be awarded.

##### 3.1.1 ABSENCE FROM SCHOOL DUE TO WORK PLACEMENT

Students completing school, TAFE and/or other external placements are required to complete all school assessment tasks on the scheduled due dates. School assessments take priority and placements should be managed to avoid clashes with school assessments. If a clash cannot be avoided, the Head Teacher Secondary Studies and Year 11 Deputy Principal must be informed.

Where clashes are unavoidable, all hand-in tasks due during the period of work placement must be submitted prior to work placement commencing.

Students with a scheduled in-class task, such as an exam, presentation, or group-work task, may not be able to complete this prior to leave commencing. In this case, student consultation with the class teacher and VET Coordinator and/or Careers Adviser will be required to discuss alternative arrangements for task submission. Failure to do so may result in a zero mark being awarded.

### 3.1.1 ABSENCE FROM AN IN-CLASS ASSESSMENT TASK

If a student is absent from an in-class assessment task, the student must complete and submit an Illness/Misadventure Form obtained from Head Teachers and provide a doctor's certificate as proof of illness. Students will be expected to complete the task on the first day of their return to school. The student has the responsibility of reporting to the Head Teacher of the subject concerned on their arrival at school on the day they return in order to arrange the task's completion. Incidents of misadventure leading to absence from an assessment task will be considered by the Year 11 Deputy Principal and the relevant Head Teacher.

### 3.1.2 ABSENCE DUE TO SCHOOL BUSINESS

Where a student has a clash between an assessment task and another official school activity, it is the student's responsibility to complete and submit an Assessment Task Reschedule Form to the Head Teacher Secondary Studies. The student will be required to submit the work at a time specified by the relevant Faculty Head Teacher. Students who fail to follow this procedure must submit the task before the due date or arrange for its submission on the due date; otherwise, a zero mark will be awarded. Should the student wish to appeal this decision, they must submit this in writing to the Head Teacher Secondary Studies.

The school will always endeavour to minimise clashes with assessment tasks and school organised activities. Students must also make every effort to avoid clashes with assessment tasks.

### 3.1.3 ABSENCE DUE TO SUSPENSION

All assessments must be completed at the scheduled time, unless students are affected by illness or misadventure. Students absent from school due to suspension will **NOT** be entitled to apply for an extension or assessment reschedule. At the time of suspension, the Deputy Principal will notify the Head Teacher Secondary Studies and relevant Faculty Head Teachers of the student's suspension. The following procedures will then apply:

- **Hand-in assessment tasks** – the student is responsible for ensuring that all hand-in tasks received prior to the suspension being imposed which are due during the period of suspension are submitted on time, either by delivery to the school by a third party, or online, whichever is applicable.
- **In-class assessment tasks** – the relevant Faculty Head Teacher will reschedule an alternative date for the task, which will be communicated to the student and parent/carer via the Head Teacher Secondary Studies.
- **Examinations** – the Head Teacher Secondary Studies will arrange for the student to sit the examination at the scheduled time in an alternative school-based location, which will be communicated to the student, parent/caregiver and Faculty Head Teacher by the Head Teacher Secondary Studies.

The consequences of not following these procedures may result in a **zero mark** being awarded.

## 4. PROCEDURES FOR REQUESTING A RESCHEDULING OF AN ASSESSMENT TASK

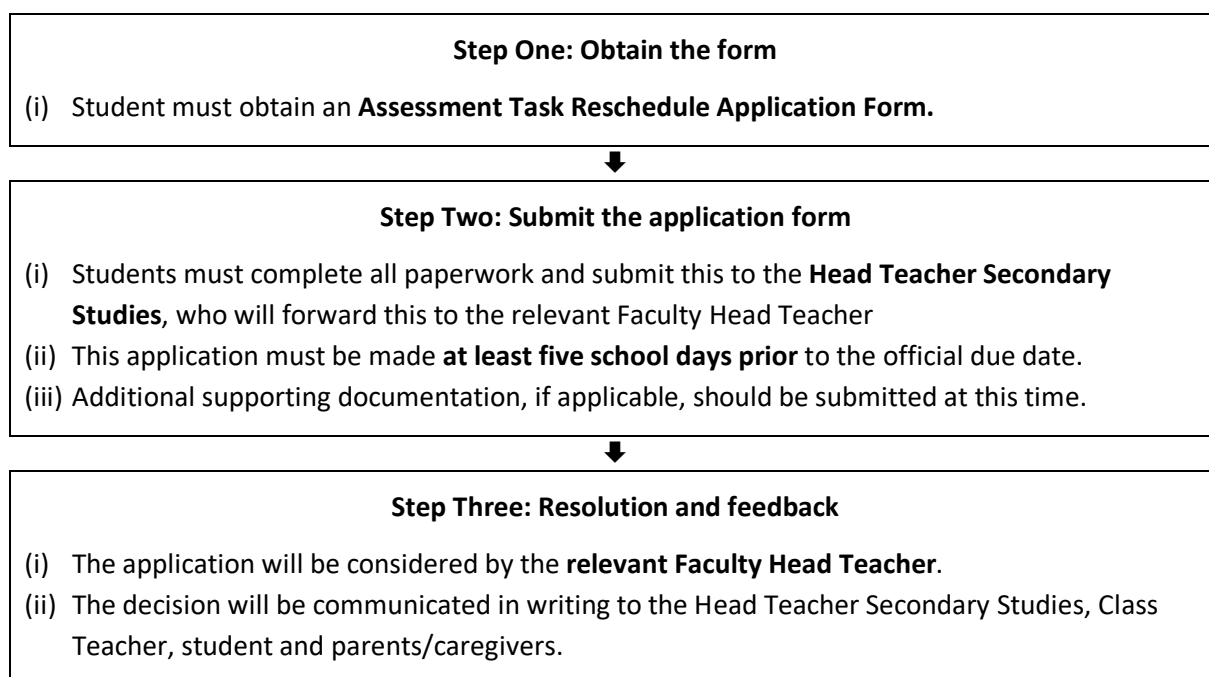

Nepean Creative and Performing Arts High School will always endeavour to minimise clashes with assessment tasks and school organised activities. Students must also make every effort to avoid clashes with assessment tasks.

All students are provided with the opportunity to request a rescheduling of their assessment task if the due date clashes with an official school activity in which they are involved.

Applications are to be expressed in writing using the **Assessment Task Reschedule Application Form** provided by the school. These forms are to be obtained by the student from the school website, school office or Head Teacher Secondary Studies and must be returned to the Head Teacher Secondary Studies.

All applications for a rescheduled assessment task must be submitted **at least five school days prior** to the due date. If the student becomes aware of a situation requiring a reschedule within this period, students are required to submit an appeal in writing to the Head Teacher Secondary Studies.

Students wishing to request an assessment task rescheduling must follow the procedure outlined below:

If approved, the student will be required to submit the work at a time specified by the relevant Faculty Head Teacher.

Students who fail to follow this procedure must submit the task before the due date or arrange for its submission on the due date; otherwise, a **zero mark** will be awarded. Should the student wish to appeal this decision, they must submit this in writing to the Head Teacher Secondary Studies.

## 5. PROCEDURES FOR REQUESTING AN EXTENSION OF THE DUE DATE OF AN ASSESSMENT TASK

All students may request an extension if they feel they have a genuine reason for being unable to meet a scheduled due date. Extensions will only be granted in cases of severe illness or other exceptional circumstances. A *Medical Certificate* will be required in all cases of illness.

Applications are to be expressed in writing using the **Assessment Task Extension Application Form** provided by the school. These forms are to be obtained by the student from the school website or the Head Teacher Secondary Studies and must be returned to the Head Teacher Secondary Studies.

All applications for an extension must be made **at least five school days prior** to the due date.

Students wishing to request an extension must follow the procedure outlined below:

If an extension is not approved, the student must submit the task on the due date. Unless prior application for an extension has been approved by the relevant Faculty Head Teacher, the late submission of a task will result in a **zero mark** being awarded for that task. Should the student wish to appeal this decision, they must submit this in writing to the Head Teacher Secondary Studies.

## 6. PROCEDURES FOR APPLYING FOR SPECIAL CONSIDERATION FOR ILLNESS / MISADVENTURE

Consideration is given to students who suffer illness or misadventure at the time of a task. It is important to note that set procedures must be followed for this consideration to be applied in order to ensure fairness for all students.

Students need to be aware that if they commence or attempt an assessment task the result they achieve will be recorded. In this case, Illness/Misadventure therefore does not apply retrospectively.

Students wishing to apply for special considerations for illness/misadventure should follow the relevant procedure specific to the situation as outlined below.

Procedures to follow in the event of:

### 1. Absence due to illness/misadventure on the day of an in-school assessment task

- The student or parent/caregiver **MUST** contact the school **by 8:30am** on the day the task is scheduled by either phone: 02 4728 7200; or email: [nepean-h.school@det.nsw.edu.au](mailto:nepean-h.school@det.nsw.edu.au).
- Students must report to the **relevant Faculty Head Teacher** on the **first day of their return to school** and be prepared to complete the task on that day.
- Students must obtain an **Application for Consideration for Illness / Misadventure Application Form** and any other relevant documentation, such as a medical certificate.
- Completed forms and documentation must be returned to the **Faculty Head Teacher within two school days** of his/her return to school (i.e. no later than his/her third day back at school).

### 2. Absence due to illness/misadventure on the day a hand-in assessment task is due to be submitted

- The student or parent/caregiver **MUST** contact the school **by 8:30am** on the day the task is due by either phone: 02 4728 7200; or email: [nepean-h.school@det.nsw.edu.au](mailto:nepean-h.school@det.nsw.edu.au).
- Students should make every attempt to have the task delivered in-person (e.g. by a third party) or submitted electronically (e.g. email or Teams).
- If a task is not submitted on the due date, the student must submit the task to the **relevant Faculty Head Teacher** on the **first day of their return to school**.
- Students must obtain an **Application for Consideration for Illness / Misadventure Application Form** and any other relevant documentation, such as a medical certificate.
- Completed forms and documentation must be returned to the **Faculty Head Teacher within two school days** of his/her return to school (i.e. no later than his/her third day back at school).

### 3. Illness/misadventure during an in-school assessment

- The student **MUST** notify the supervisor of the task of any circumstance related to illness or misadventure that would prohibit them from performing in the assessment **BEFORE** they view the task. At this stage, the student will need to decide to either:
  - a) Sit the task, in which case the mark earned will be awarded and the student **cannot apply retrospectively** for any special consideration due to illness or misadventure; or,
  - b) Leave the task and apply for illness or misadventure by immediately obtaining an **Application for Consideration for Illness / Misadventure Application Form** and seek medical assistance.
- If the task has already commenced, the student must notify the supervisor of the task of the circumstance related to illness or misadventure and the mark earned to that point shall be awarded. Students may then submit an appeal should they feel their mark was negatively affected.

#### 4. Illness/misadventure on a day during an examination period

- The student or parent/caregiver **MUST** contact the school **up until 30 minutes prior** to the commencement of the scheduled examination by either phone: 02 4728 7200; or email: [nepean-h.school@det.nsw.edu.au](mailto:nepean-h.school@det.nsw.edu.au)
- **Prior to their return to school**, the student must contact the **Head Teacher Secondary Studies** to organise a rescheduling of the affected examination(s).
- On the day of a rescheduled examination, the student must report to the **Head Teacher Secondary Studies** at a time determined previously by the Head Teacher Secondary Studies.
- Students must obtain an **Application for Consideration for Illness / Misadventure Application Form** and any other relevant documentation, such as a medical certificate.
- Completed forms and documentation must be returned to the **Faculty Head Teacher within two school days** of his/her return to school (i.e. no later than his/her third day back at school).

#### 5. Illness/misadventure for a group performance

- The individual student or parent/caregiver concerned (i.e. **NOT** another student member of the group) **MUST** contact the school **by 8:30am** on the day the task is scheduled by either phone: 02 4728 7200; or email: [nepean-h.school@det.nsw.edu.au](mailto:nepean-h.school@det.nsw.edu.au)
- When a group performance cannot go ahead on a scheduled date, **ALL** students affected need to complete an **Application for Consideration for Illness / Misadventure Application Form**.
- This form (and a medical certificate if applicable for the student concerned) needs to be returned to the relevant **Faculty Head Teacher within two school days** of the scheduled date.
- The relevant Faculty Head Teacher will reschedule an alternative date for the performance.

In all cases where a task needs to be completed, the student (or all students in the case of a group performance) must:

- Be prepared to **complete the task on the first day of their return to school** unless an alternative arrangement has been made with the relevant Head Teacher.
- Complete an **Application for Consideration for Illness / Misadventure Application Form** and any other relevant documentation and return to the relevant Head Teacher within **two school days** of the student's return to school.

Relevant written evidence from a medical practitioner is **mandatory** for any application relating to illness for the application to be considered by the relevant Head Teacher. The medical certificate from the practitioner must be submitted to the school with the **Application for Consideration for Illness / Misadventure Application Form**.

The **Application for Consideration for Illness / Misadventure Application Form** is available on the school's website or from the Head Teacher Secondary Studies.

The consequences of not following these procedures may result in the application for Illness/Misadventure being rejected and a **zero mark** being awarded.

## 6.1 SUMMARY PROCEDURES FOR APPLYING FOR CONSIDERATION FOR ILLNESS / MISADVENTURE

Students missing an assessment task and wishing to make an application for illness/misadventure must follow the procedure outlined below:

### Step One: Contact the school

- (i) Student or parent/caregiver **MUST** inform the school **on the day of the absence** by either phone: 02 4728 7200; or email: [nepean-h.school@det.nsw.edu.au](mailto:nepean-h.school@det.nsw.edu.au)

### Step Two: Obtain relevant documentation

- (i) Student must obtain an **Application for Consideration for Illness / Misadventure Application Form**.
- (ii) For illness, the student **MUST** obtain and provide a **Medical Certificate** and ensure it is completed by the medical practitioner for the period of absence.
- (iii) For misadventure, the student should obtain a statement or any supporting documentation, where possible, outlining the situation.

### Step Three: On first day of return to school

It is the student's responsibility to:

- (i) Report to the either:
  - a) The **relevant Faculty Head Teacher** for missed in-school assessment tasks and hand-in assessment tasks; or,
  - b) The **Head Teacher Secondary Studies** for all missed examinations held during an examination period.
- (ii) Be prepared to submit or sit the assessment **on that day**.

### Step Four: Submission, resolution and feedback

- (i) Submit the **Application for Consideration for Illness / Misadventure Application Form** and relevant documentation to the **relevant Head Teacher within two school days** of returning to school.
- (ii) The relevant Head Teacher will consider the application.
- (iii) The decision will be communicated in writing to the other relevant Head Teachers, Class Teacher, student and parents/caregivers.

If the application is not accepted, a **zero mark** will be awarded for that task. Should the student wish to appeal this decision, they must submit this in writing to the Head Teacher Secondary Studies.

## 6.2 OUTCOME OF ILLNESS/MISADVENTURE

The relevant Faculty Head Teacher will consider illness/misadventure cases specific to assessment tasks for courses within their faculty. They will judge the presented evidence and decide whether the application is to be accepted or rejected.

If the application is accepted, one of three things may occur:

1. **Original or substitute task is to be completed** – a zero will be recorded for the original task and the student will be required to complete the original task or a substitute task. Once completed, the mark gained for this task will replace the zero. If not completed, the zero mark remains.
2. **Awarded mark remains** – the student's performance in the assessment task may be considered unaffected. In this case, the student's original result in the task will remain as marked.
3. **Maintain rank applied to task** – in exceptional circumstances, where undertaking an alternative task is not possible, the Head Teacher Secondary Studies in consultation with the relevant Faculty Head Teacher, may determine that the student's relative assessment rank be maintained. This will be calculated at the end of the entire assessment period. This calculated mark would then replace the zero awarded at the time of the scheduled task.

If the application is rejected, then the **task must be submitted or attempted** in accordance with NESA rules and procedures and then one of two things may occur:

1. **Original task was submitted or attempted on time** – the original task will be marked and this earned mark will apply.
2. **Original task was submitted or attempted late** – the original task will be marked; however, a **zero mark** will be officially awarded.

In all cases, any student wishing to appeal this decision must do so in writing to the **Head Teacher Secondary Studies within two school days of receiving the initial decision.**

## 7. PROCEDURES FOR AN ASSESSMENT APPEAL APPLICATION

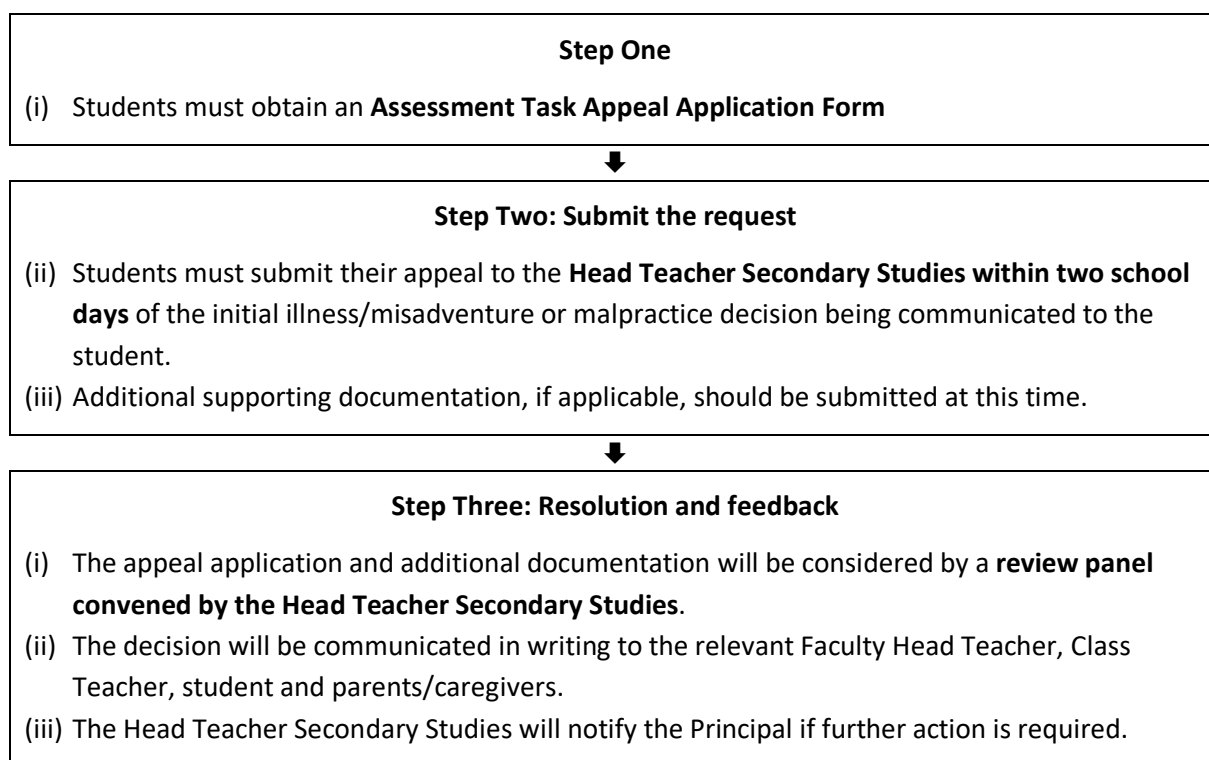

All students have the right to appeal a decision made regarding an: application for illness/ misadventure; malpractice, or; an assessment task result. A student must submit an assessment appeal to the relevant Head Teacher, depending on the nature of the appeal.

In reviewing the determination of a student's appeal, the relevant Head Teacher will consider the following as applicable:

- The student's original Illness/Misadventure application.
- Documentation submitted with the original application.
- Any additional statement and/or documentation submitted with the student's appeal form.
- All evidence presented which relates to the malpractice.

Students wishing to appeal a decision must follow the relevant procedure outlined below:

### 7.1 TO APPEAL AN ILLNESS/MISADVENTURE OR MALPRACTICE DECISION:

## 7.2 TO APPEAL AS ASSESSMENT TASK RESULT

### Step One:

- (i) Students must obtain an **Assessment Task Appeal Application Form**

### Step Two: Submit the request

- (ii) Students must submit their appeal to the relevant **Faculty Head Teacher within two school days** of the receipt of the assessment task result.
- (iii) Additional supporting documentation, if applicable, should be submitted at this time.

### Step Three: Resolution and feedback

- (i) The appeal application and additional documentation will be considered by the relevant **Faculty Head Teacher**.
- (ii) The decision will be communicated in writing to the Head Teacher Secondary Studies, Class Teacher, student and parents/caregivers.

## 8. FREQUENTLY ASKED QUESTIONS

### **1. When will assessment begin?**

Nepean CAPA High School Assessment program commences at the beginning of Term 1 (2023).

### **2. How much notice will be given of each task?**

With the exception of formal examinations you will be notified in writing **at least 14 calendar days** prior to the due date of Assessment Tasks. The due date and information for all Assessment Tasks will be given to you on our Assessment Task Notice Cover Sheet which will be issued when you are notified of the task. Any variation to the published Assessment schedule must be made at least 14 days prior to the due date of the original task. Students are to sign a register kept by the teacher on receipt of the task notification and on submission of the task.

### **3. What must I do to have satisfactorily completed a course?**

NESA expects students to have:

- a) Followed the course developed or endorsed by the Board; and
- b) Applied themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school; and
- c) Achieved some or all of the course outcomes

In simple terms, you must complete all assessment tasks, hand in class work on time and be present at school.

### **4. What do I do when I am absent when an assessment is issued?**

It is a student's responsibility to find out what work has been missed whilst they were absent and to catch up on that work. The same applies if a student is absent when an Assessment Task is issued. Extensions will not be granted based on the task not being received through absence from class.

### **5. What happens if I am ill or unable to complete a task for some reason?**

You will need to complete and submit the appropriate form referred to in this handbook within the timeframes given.

### **6. How do I manage major works?**

Major works or projects require students to be actively working on them over the 120 hours of the HSC course. NESA and Vocational Education and Training (VET) rules stipulate that a student is expected to work on their major works and projects in front of their teachers, who must verify that the major work or project is the work of the student only. This work may include: process diaries; design portfolios; essay or story drafts; and /or work on the project or major work to be submitted to NESA for marking. Students who do not show adequate progress on their major works and projects will receive periodic N Award letters advising parents of their poor progress.

### **7. What happens if I do not make a serious attempt in an assessment task or examination?**

You will be awarded zero marks for the task, an N-warning letter will be issued and you will be required to re-attempt the task.

### **8. What does "non-serious attempt" mean?**

This includes very poor attempts that contain an insufficient amount of work in which to assess a student's work, the use of derogatory remarks, obscene language and graffiti (e.g. drawing on an examination paper).

### **9. What happens if I have been found guilty of malpractice?**

You will be awarded zero marks for the task, an N-warning letter will be issued and you will be required to re-attempt the task

**10. What if I know in advance that I will be absent?**

If a student knows he or she will be absent on the day that an assessment task is due, the student must submit the assessment task before the due date unless an extension or request to reschedule the task has been granted. This includes students who are involved in sporting events, excursions or work placement and elite representation.

**11. What if I have been absent from school?**

Every effort must be made to submit the task on that day. If it is not submitted or attempted in the case of an examination or in-class task, then you must contact the school on the day by: phone 4728 7200; or email [Nepean-h.schools@det.nsw.edu.au](mailto:Nepean-h.schools@det.nsw.edu.au) and apply for Illness/ Misadventure. In the case of illness, a medical certificate must also be provided.

**12. What happens if I hand in Assessment Tasks late?**

Students submitting late work will receive a zero for that task.

**13. What about students who change schools?**

NESA will be notified as soon as possible of all HSC student movements both in and out of the school. For students who transfer between the commencement of assessments in a particular course and before 30<sup>th</sup> June in an HSC examination year, the receiving school is to prepare the final assessment based upon those tasks which the students complete at the receiving school. Any information from the student's previous school may also be taken into account. For students who transfer schools after 30<sup>th</sup> June, their previous school is to provide the assessments.

For students who transfer from interstate or overseas, only tasks undertaken at the receiving school should be assessed. For students who repeat Year 12, an assessment will be made for the repeated year only. No changes to the HSC entries will occur after 30<sup>th</sup> June in the HSC examination year, other than withdrawal from the course.

**14. Can I get an extension for an assessment because of technical difficulties?**

No, extensions will not be granted for technical difficulties including printer, computer or USB issues, misplaced assessment work, failure to upload an assessment to Teams or internet connectivity.

**15. Can I appeal an assessment task result for an individual task?**

Yes. You will need to complete the Assessment Appeals Form and provide evidence that the relevant Faculty Head Teacher will consider.

## 9. TIPS FOR BEING A SUCCESSFUL STUDENT

### 9.1 BE ORGANISED

The first step towards success at school is to be organised. This means that you know where you keep your books and equipment, know when school work is due, and being able to find things when you need them.

If you have your own room, make sure that all your books and equipment are in one place.

Check your timetable each evening before going to bed. Then use this information to pack your school bag. If you have a system like this, you will never forget your books or equipment.

Your school diary is a very useful resource that can help you get organised. Your diary has a calendar and a weekly planner where you can write when homework, assignments or other school work is due. Develop a habit of regularly writing in your diary and looking up the things you write.

Your weekly planner not only tells you when school work is due, but it can also help you plan your time by allowing you to calculate, at a glance, how much time you have left before something is due.

Your weekly planner should be updated every week to reflect the amount of time you need to spend on different tasks.

You should have separate exercise books for all subjects. You should use headings and subheadings for things you write and you should always date your work so it's easier to sequence.

### 9.2 PRIORITISE YOUR TIME AND WORK

To prioritise means to make a decision on what is important and what needs to be done first. To help you prioritise you should have clear and manageable learning goals and know what you have to do to achieve those goals.

Being organised, knowing when work is due and knowing how much time you have to do it, will help you set priorities and find time to do things that are urgent and important.

Make a short list of the most urgent or most important things you have to do. This list should not be too long - five or so items at a time - and you should always complete the item at the top of the list first.

Your **“To Do List”** will help you always feel in control and it will give you a sense of achievement. Your list should have all your urgent tasks on it to help you to remember that they have to be done. The most urgent tasks should be at the top of your list.

Important things are not always urgent, but they have to be done - and you must find the time to do them. There is a range of important things, and these things are not just school work. However, by prioritising you will be able to find a balance between everything that is important to you.

### 9.3 SET GOALS

It is important to have learning goals. Learning goals should be realistic and manageable. For example, think about your learning goals a year from now, but also think about all the small steps that will allow you to get there. Plan on doing the small steps first, and then gradually build up. Knowing where you want to go makes getting there a lot easier. If you are not sure about your goals, talk to someone who can help you work out where you want to be and how to get there.

School work is very important, but so are the other things you do after school. The trick is to find a balance between the different things you do after school. Use your weekly planner to help you in this process. Work out all the things you have to do that week (prioritise), then see how much time is left for other things. Finding the right balance will reduce stress and help you stay on task.

## 9.4 GET THINGS DONE

Getting things done can be time-consuming and challenging, but if you are organised and you have your priorities right, it will make your workload easier.

Bigger tasks should be broken down into smaller parts. Each assignment or project should be broken down into smaller, manageable components, and then time should be allocated to each component in your weekly planner. This makes big jobs easier to do and it reduces stress.

When breaking things down, make sure that you understand all the steps that have to be completed, and then work on the first step until it is done. Only when you have completed the first step should you move on to the next step. Your study schedule should help you work out how much time you have to complete each step.

Going over your class notes and linking them to key skills and concepts should be something you do at home during the time set aside to do homework. Even if your teacher does not set this activity explicitly for homework, you should be doing this regularly at home.

Making study notes is the process of linking content learned in class to key skills and processes. Once you have your study notes you will find it is much easier to do assessment tasks and prepare for tests and examinations as these always ask you to link knowledge to key skills.

You should ask for feedback from your teacher on your progress to see that you are doing the right thing and that you are on the right track. If you give yourself enough time to complete your work, you should be able to show your teacher a fairly complete draft at least several days before the work is due. This will give your teacher time to get back to you and give you time to act on the feedback you get.

## 10. NESA DIRECTIVE VERBS

Stage 6 subject syllabuses, school internal assessment tasks and examination questions have key words that state what students are expected to be able to do in examinations and assessment tasks. It is important to note that examination questions for the HSC will continue to use self-explanatory terms such as 'how', or 'why' or 'to what extent'. While key words have a purpose, they will not set limits on legitimate subject-based questions in examination papers.

Key Word	Definition
Account	Account for: state reasons for, report on. Give an account of: narrate a series of events or transactions
Analyse	Identify components and the relationship between them; draw out and relate implications
Apply	Use, utilise, employ in a particular situation
Appreciate	Make a judgement about the value of
Assess	Make a judgement of value, quality, outcomes, results or size
Calculate	Ascertain/determine from given facts, figures or information
Clarify	Make clear or plain
Classify	Arrange or include in classes/categories
Compare	Show how things are similar or different
Construct	Make; build; put together items or arguments
Contrast	Show how things are different or opposite
Critically (analysis/evaluate)	Add a degree or level of accuracy depth, knowledge and understanding, logic, questioning, reflection and quality to (analyse/evaluation)
Deduce	Draw conclusions
Define	State meaning and identify essential qualities
Demonstrate	Show by example
Describe	Provide characteristics and features
Discuss	Identify issues and provide points for and/or against
Distinguish	Recognise or note/indicate as being distinct or different from; to note differences between
Evaluate	Make a judgement based on criteria; determine the value of
Examine	Inquire into
Explain	Relate cause and effect; make the relationships between things evident; provide why and/or how
Extract	Choose relevant and/or appropriate details
Extrapolate	Infer from what is known
Identify	Recognise and name
Interpret	Draw meaning from
Investigate	Plan, inquire into and draw conclusions about
Justify	Support an argument or conclusion
Outline	Sketch in general terms; indicate the main features of
Predict	Suggest what may happen based on available information
Propose	Put forward (for example a point of view, idea, argument, suggestion) for consideration or action
Recall	Present remembered ideas, facts or experiences
Recommend	Provide reasons in favour
Recount	Retell a series of events
Summarise	Express, concisely, the relevant details
Synthesise	Putting together various elements to make a whole

## ANCIENT HISTORY

### Course Outcomes:

- AH11-1 describes the nature of continuity and change in the ancient world
- AH11-2 proposes ideas about the varying causes and effects of events and developments
- AH11-3 analyses the role of historical features, individuals and groups in shaping the past
- AH11-4 accounts for the different perspectives of individuals and groups
- AH11-5 examines the significance of historical features, people, places, events and developments of the ancient world
- AH11-6 analyses and interprets different types of sources for evidence to support an historical account or argument
- AH11-7 discusses and evaluates differing interpretations and representations of the past
- AH11-8 plans and conducts historical investigations and presents reasoned conclusions, using relevant evidence from a range of sources
- AH11-9 communicates historical understanding, using historical knowledge, concepts and terms, in appropriate and well-structured forms
- AH11-10 discusses contemporary methods and issues involved in the investigation of ancient history

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Component

# BIOLOGY

## Course Outcomes:

### Skills:

- BIO11-1 develops and evaluates questions and hypotheses for scientific investigation
- BIO11-2 designs and evaluates investigations in order to obtain primary and secondary data and information
- BIO11-3 conducts investigations to collect valid and reliable primary and secondary data and information
- BIO11-4 selects and processes appropriate qualitative and quantitative data and information using a range of appropriate media
- BIO11-5 analyses and evaluates primary and secondary data and information
- BIO11-6 solves scientific problems using primary and secondary data, critical thinking skills and scientific processes
- BIO11-7 communicates scientific understanding using suitable language and terminology for a specific audience or purpose

### Knowledge and Understanding:

- BIO11-8 describes single cells as the basis for all life by analysing and explaining cells' ultrastructure and biochemical processes
- BIO11-9 explains the structure and function of multicellular organisms and describes how the coordinated activities of cells, tissues and organs contribute to macroscopic processes in organisms
- BIO11-10 describes biological diversity by explaining the relationships between a range of organisms in terms of specialisation for selected habitats and evolution of species
- BIO11-11 analyses ecosystem dynamics and the interrelationships of organisms within the ecosystem

## BUSINESS STUDIES

### Course Outcomes:

- P1 discusses the nature of business, its role in society and types of business structure
- P2 explains the internal and external influences on businesses
- P3 describes the factors contributing to the success or failure of small to medium enterprises
- P4 assesses the processes and interdependence of key business functions
- P5 examines the application of management theories and strategies
- P6 analyses the responsibilities of business to internal and external stakeholders
- P7 plans and conducts investigations into contemporary business issues
- P8 evaluates information for actual and hypothetical business situations
- P9 communicates business information and issues in appropriate formats
- P10 applies mathematical concepts appropriately in business situations

## COMMUNITY AND FAMILY STUDIES

### Course Outcomes:

- P1.1 describes the contribution an individual's experiences, values, attitudes and beliefs make to the development of goals
- P1.2 proposes effective solutions to resource problems
- P2.1 accounts for the roles and relationships that individuals adopt within groups
- P2.2 describes the role of the family and other groups in the socialisation of individuals
- P2.3 examines the role of leadership and group dynamics in contributing to positive interpersonal relationships and achievement
- P2.4 analyses the inter-relationships between internal and external factors and their impact on family functioning
- P3.1 explains the changing nature of families and communities in contemporary society
- P3.2 analyses the significance of gender in defining roles and relationships
- P4.1 utilises research methodology appropriate to the study of social issues
- P4.2 presents information in written, oral and graphic form
- P5.1 applies management processes to maximise the efficient use of resources
- P6.1 distinguishes those actions that enhance wellbeing
- P6.2 uses critical thinking skills to enhance decision-making

# DANCE

## Course Outcomes:

### *Dance as an artform:*

- P1.1 understands dance as the performance and communication of ideas through movement and in written and oral form
- P1.2 understands the use of dance terminology relevant to the study of dance as an art form
- P1.3 develops the skills of dance through performing, composing and appreciating dance
- P1.4 values the diversity of dance as an art form and its inherent expressive qualities

### *Dance Performance:*

- P2.1 identifies the physiology of the human body as it is relevant to the dancer
- P2.2 identifies the body's capabilities and limitations
- P2.3 recognises the importance of the application of safe dance practice
- P2.4 demonstrates appropriate skeletal alignment, body-part articulation, strength, flexibility, agility and coordination
- P2.5 performs combinations, phrases and sequences with due consideration of safe dance practices
- P2.6 values self-discipline, commitment and consistency in technical skills and performance

### *Dance Composition:*

- P3.1 identifies the elements of dance composition
- P3.2 understands the compositional process
- P3.3 understands the function of structure as it relates to dance composition
- P3.4 explores the elements of dance relating to dance composition
- P3.5 devises movement material in a personal style in response to creative problem-solving tasks in dance composition
- P3.6 structures movement devised in response to specific concept/intent
- P3.7 values their own and others' dance activities as worthwhile

### *Dance Appreciation:*

- P4.1 understands the socio-historic context in which dance exists
- P4.2 develops knowledge to critically appraise and evaluate dance
- P4.3 demonstrates the skills of gathering, classifying and recording information about dance
- P4.4 develops skills in critical appraisal and evaluation
- P4.5 values the diversity of dance from national and international perspectives

# DRAMA

## Course Outcomes:

- P1.1 develops acting skills in order to adopt and sustain a variety of characters and roles
- P1.2 explores ideas and situations, expressing them imaginatively in dramatic form
- P1.3 demonstrates performance skills appropriate to a variety of styles and media
- P1.4 understands, manages and manipulates theatrical elements and elements of production, using them perceptively and creatively
- P1.5 understands, demonstrates and records the process of developing and refining ideas and scripts to performance
- P1.6 demonstrates directorial and acting skills to communicate meaning through dramatic action
- P1.7 understands the collaborative nature of drama and theatre and demonstrates the self-discipline needed in the process of collaboration
- P1.8 recognises the value of individual contributions to the artistic effectiveness of the whole
- P2.1 understands the dynamics of actor-audience relationship
- P2.2 understands the contributions to a production of the playwright, director, dramaturg, designers, front-of house staff, technical staff and producers
- P2.3 demonstrates directorial and acting skills to communicate meaning through dramatic action
- P2.4 performs effectively in a variety of styles using a range of appropriate performance techniques, theatrical and design elements and performance spaces
- P2.5 understands and demonstrates the commitment, collaboration and energy required for a production
- P2.6 appreciates the variety of styles, structures and techniques that can be used in making and shaping a performance
- P3.1 critically appraises and evaluates, both orally and in writing, personal performances and the performance of others
- P3.2 understands the variety of influences that have impacted upon drama and theatre performance styles, structures and techniques.
- P3.3 analyses and synthesises research and experiences of dramatic and theatrical styles, traditions and movements
- P3.4 appreciates the contribution that drama and theatre make to Australian and other societies by raising awareness and expressing ideas about issues of interest.

## ENGLISH ADVANCED

### Course Outcomes:

- EA11-1 responds to, composes and evaluates complex texts for understanding, interpretation, critical analysis, imaginative expression and pleasure
- EA11-2 uses and evaluates processes, skills and knowledge required to effectively respond to and compose texts in different modes, media and technologies
- EA11-3 analyses and uses language forms, features and structures of texts considering appropriateness for specific purposes, audiences and contexts and evaluates their effects on meaning
- EA11-4 strategically uses knowledge, skills and understanding of language concepts and literary devices in new and different contexts
- EA11-5 thinks imaginatively, creatively, interpretively and critically to respond to, evaluate and compose texts that synthesise complex information, ideas and arguments
- EA11-6 investigates and evaluates the relationships between texts
- EA11-7 evaluates the diverse ways texts can represent personal and public worlds and recognises how they are valued
- EA11-8 explains and evaluates cultural assumptions and values in texts and their effects on meaning
- EA11-9 reflects on, evaluates and monitors own learning and adjusts individual and collaborative processes to develop as an independent learner

### Course Outcomes:

- EN11-1 responds to and composes increasingly complex texts for understanding, interpretation, analysis, imaginative expression and pleasure
- EN11-2 uses and evaluates processes, skills and knowledge required to effectively respond to and compose texts in different modes, media and technologies
- EN11-3 analyses and uses language forms, features and structures of texts, considers appropriateness for purpose, audience and context and explains effects on meaning
- EN11-4 applies knowledge, skills and understanding of language concepts and literary devices into new and different contexts
- EN11-5 thinks imaginatively, creatively, interpretively and analytically to respond to and compose texts that include considered and detailed information, ideas and arguments
- EN11-6 investigates and explains the relationships between texts
- EN11-7 understands and explains the diverse ways texts can represent personal and public worlds
- EN11-8 identifies and explains cultural assumptions in texts and their effects on meaning
- EN11-9 reflects on, assesses and monitors own learning and develops individual and collaborative processes to become an independent learner

## ENGLISH STUDIES ATAR

### Course Outcomes:

- ES11-1 comprehends and responds to a range of texts, including short and extended texts, literary texts and texts from academic, community, workplace and social contexts for a variety of purposes
- ES11-2 identifies and uses strategies to comprehend written, spoken, visual, multimodal and digital texts that have been composed for different purposes and contexts
- ES11-3 gains skills in accessing, comprehending and using information to communicate in a variety of ways
- ES11-4 composes a range of texts with increasing accuracy and clarity in different forms
- ES11-5 develops knowledge, understanding and appreciation of how language is used, identifying specific language forms and features that convey meaning in texts
- ES11-6 uses appropriate strategies to compose texts for different modes, mediums, audiences, contexts and purposes
- ES11-7 represents own ideas in critical, interpretive and imaginative texts
- ES11-8 identifies and describes relationships between texts
- ES11-9 identifies and explores ideas, values, points of view and attitudes expressed in texts, and considers ways in which texts may influence, engage and persuade
- ES11-10 monitors and reflects on aspects of their individual and collaborative processes in order to plan for future learning

## EXTENSION 1 ENGLISH

### Course Outcomes:

- EE11-1 demonstrates and applies considered understanding of the dynamic relationship between text, purpose, audience and context, across a range of modes, media and technologies
- EE11-2 analyses and experiments with language forms, features and structures of complex texts, evaluating their effects on meaning in familiar and new contexts
- EE11-3 thinks deeply, broadly and flexibly in imaginative, creative, interpretive and critical ways to respond to, compose and explore the relationships between sophisticated texts
- EE11-4 develops skills in research methodology to undertake effective independent investigation
- EE11-5 articulates understanding of how and why texts are echoed, appropriated and valued in a range of contexts
- EE11-6 reflects on and assesses the development of independent learning gained through the processes of research, writing and creativity

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Component

## EARTH AND ENVIRONMENTAL SCIENCE

### Course Outcomes:

#### Skills:

- EES11-1 develops and evaluates questions and hypotheses for scientific investigation
- EES11-2 designs and evaluates investigations in order to obtain primary and secondary data and information
- EES11-3 conducts investigations to collect valid and reliable primary and secondary data and information
- EES11-4 selects and processes appropriate qualitative and quantitative data and information using a range of appropriate media
- EES11-5 analyses and evaluates primary and secondary data and information
- EES11-6 solves scientific problems using primary and secondary data, critical thinking skills and scientific processes
- EES11-7 communicates scientific understanding using suitable language and terminology for a specific audience or purpose

#### Knowledge and Understanding:

- EES11-8 describes the key features of the Earth's systems, including the geosphere, atmosphere, hydrosphere and biosphere and how they are interrelated
- EES11-9 describes the evidence for the theory of plate tectonics and the energy and geological changes that occur at plate boundaries
- EES11-10 describes the factors that influence how energy is transferred and transformed in the Earth's systems
- EES11-11 describes human impact on the Earth in relation to hydrological processes, geological processes and biological changes

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Component

# ECONOMICS

## Course Outcomes:

- P1 demonstrates understanding of economic terms, concepts and relationships
- P2 explains the economic role of individuals, firms and government in an economy
- P3 describes, explains and evaluates the role and operation of markets
- P4 compares and contrasts aspects of different economies
- P5 analyses the relationship between individuals, firms, institutions and government in the Australian economy
- P6 explains the role of government in the Australian economy
- P7 identifies the nature and causes of economic problems and issues for individuals, firms and governments
- P8 applies appropriate terminology, concepts and theories in economic contexts
- P9 selects and organises information from a variety of sources for relevance and reliability
- P10 communicates economic information, ideas and issues in appropriate forms
- P11 applies mathematical concepts in economic contexts
- P12 works independently and in groups to achieve appropriate goals in set timelines

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Component			
				Stimulus based skills	Inquiry and research	Communication of economic information, ideas and issues	Knowledge and understanding of course content
Task 1 Formative Assessment of Economic Skills	Ongoing Term 1-3 2023	P1, P5, P8, P10	30%	10%		5%	15%
Task 2 Research Assignment	Term 2 Week 10 2023	P1, P3, P8, P10, P12	30%		20%	5%	5%

## EXPLORING EARLY CHILDHOOD

### Course Outcomes:

- 1.1 analyses prenatal issues that have an impact on development
- 1.2 examines major physical, social-emotional, behavioural, cognitive and language development of young children
- 1.3 examines the nature of different periods in childhood – infant, toddler, preschool and the early school years
- 1.4 analyses the ways in which family, community and culture influence the growth and development of young children
- 1.5 examines the implications for growth and development when a child has special needs
- 2.1 analyses issues relating to the appropriateness of a range of services for different families
- 2.2 critically examines factors that influence the social world of young children
- 2.3 explains the importance of diversity as a positive issue for children and their families
- 2.4 analyses the role of a range of environmental factors that have an impact on the lives of young children
- 2.5 examines strategies that promote safe environments
- 3.1 evaluates strategies that encourage positive behavior in young children
- 4.1 demonstrates appropriate communication skills with children and / or adults
- 4.2 interacts appropriately with children and adults from a wide range of cultural backgrounds
- 4.3 demonstrates appropriate strategies to resolve group conflict
- 5.1 analyses and compares information from a variety of sources to develop an understanding of child growth and development
- 6.1 demonstrates an understanding of decision making processes
- 6.2 critically examines all issues including beliefs and values that may influence interactions with others

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Components	
				Knowledge and understanding	Skills

## FOOD TECHNOLOGY

### Course Outcomes:

- P1.1 identifies and discusses a range of historical and contemporary factors which influence the availability of particular foods
- P1.2 accounts for individual and group food selection patterns in terms of physiological, psychological, social and economic factors
- P2.1 explains the role of food nutrients in human nutrition
- P2.2 identifies and explains the sensory characteristics and functional properties of food
- P3.1 assesses the nutrient value of meals/diets for particular individuals and groups
- P3.2 presents ideas in written, graphic and oral form using computer software where appropriate.
- P4.1 selects appropriate equipment, applies suitable techniques, and utilises safe and hygienic practices when handling food
- P4.2 plans, prepares and presents foods which reflect a range of the influences on food selection
- P4.3 selects foods, plans and prepares meals/diets to achieve optimum nutrition for individuals and groups
- P4.4 applies an understanding of the sensory characteristics and functional properties of food to the preparation of food products
- P 5.1 generates ideas and develops solutions to a range of food situations

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Component		
				Knowledge and understanding of course content	Knowledge and skills in designing, researching, analysing and evaluating	Skills in experimenting with and preparing food by applying theoretical concepts
Task 1 Food Availability and Selection	Term 1 Week 9 2023	P1.1 P1.2 P4.2 P4.1 P4.3	30%	10%	10%	10%
Task 2 Food Quality	Term 2 Week 9 2023	P2.2 P4.1 P3.2 P4.4 P5.1	30%	10%	10%	10%

## INDUSTRIAL TECHNOLOGY TIMBER

### Course Outcomes:

- P1.1 describes the organisation and management of an individual business within the focus area industry
- P1.2 identifies appropriate equipment, production and manufacturing techniques, including new and developing technologies
- P2.1 describes and uses safe working practices and correct workshop equipment maintenance techniques
- P2.2 works effectively in team situations
- P3.1 sketches, produces and interprets drawings in the production of projects
- P3.2 applies research and problem-solving skills
- P3.3 demonstrates appropriate design principles in the production of projects
- P4.1 demonstrates a range of practical skills in the production of projects
- P4.2 demonstrates competency in using relevant equipment, machinery and processes
- P4.3 identifies and explains the properties and characteristics of materials/components through the production of projects
- P5.1 uses appropriate communication and information processing skills
- P5.2 uses appropriate documentation techniques related to the management of projects
- P6.1 identifies the characteristics of quality manufactured products
- P6.2 identifies and explains the principles of quality and quality control
- P7.1 evaluates the impact of the industry on the social and physical environment
- P7.2 identifies the impact of existing, new and emerging technologies of one related industry on society and the environment

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Components	
				Knowledge and understanding of course content	Knowledge and skills in the management, communication and production of projects
Task 1 Industry Study	Term 1 Week 10 2023	P1.1, P1.2, P5.1, P7.1, P7.2	20%	10%	10%
Task 2 Portfolio and Practical Task	Term 2 Week 8 2023	P3.1, P3.2, P3.3, P4.3, P5.2, P6.1	40%	15%	25%
Task 3 Practical Skills Project	Term 3 Week 6 2023	P2.1, P2.2, P4.1, P4.2, P6.2	40%	15%	25%

## INVESTIGATING SCIENCE

### Course Outcomes:

#### Skills:

- INS11-1 develops and evaluates questions and hypotheses for scientific investigation
- INS11-2 designs and evaluates investigations in order to obtain primary and secondary data and information
- INS11-3 conducts investigations to collect valid and reliable primary and secondary data and information
- INS11-4 selects and processes appropriate qualitative and quantitative data and information using a range of appropriate media
- INS11-5 analyses and evaluates primary and secondary data and information
- INS11-6 solves scientific problems using primary and secondary data, critical thinking skills and scientific processes
- INS11-7 communicates scientific understanding using suitable language and terminology for a specific audience or purpose

#### Knowledge and Understanding:

- INS11-8 identifies that the collection of primary and secondary data initiates scientific investigations
- INS11-9 examines the use of inferences and generalisations in scientific investigations
- INS11-10 develops, and engages with, modelling as an aid in predicting and simplifying scientific objects and processes
- INS11-11 describes and assesses how scientific explanations, laws and theories have developed

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Component	
				Skills in working scientifically	Knowledge and understanding of course content

## LEGAL STUDIES

### Course Outcomes:

- P1 identifies and applies legal concepts and terminology
- P2 describes the key features of Australian and international law
- P3 describes the operation of domestic and international legal systems
- P4 discusses the effectiveness of the legal system in addressing issues
- P5 describes the role of law in encouraging cooperation and resolving conflict, as well as initiating and responding to change
- P6 explains the nature of the interrelationship between the legal system and society
- P7 evaluates the effectiveness of the law in achieving justice
- P8 locates, selects and organises legal information from a variety of sources including legislation, cases, media, international instruments and documents
- P9 communicates legal information using well-structured responses
- P10 accounts for differing perspectives and interpretations of legal information and issues

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Components			
				Knowledge and understanding of course content	Analysis and evaluation	Inquiry and research	Communication of legal Information, issues and ideas in appropriate forms
Task 1 The Legal System – Extended Response	Term 1 Week 9 2023	P4, P7, P8, P10	30%	10%	5%	10%	5%
Task 2 The Individual and the Law - Research Task	Term 2 Week 9 2023	P2, P5, P6, P9,	40%	10%	10%	10%	10%
Task 3 Yearly Examination	Term 3 Week 8-9 2023	P1, P2, P3, P7, P9	30%	20%	5%		5%
Total:			100%	40%	20%	20%	20%

## MATHEMATICS ADVANCED

### Course Outcomes:

- MA11-1 uses algebraic and graphical techniques to solve, and where appropriate, compare alternative solutions to problems
- MA11-2 uses the concepts of functions and relations to model, analyse and solve practical problems
- MA11-3 uses the concepts and techniques of trigonometry in the solution of equations and problems involving geometric shapes
- MA11-4 uses the concepts and techniques of periodic functions in the solutions of trigonometric equations or proof of trigonometric identities
- MA11-5 interprets the meaning of the derivative, determines the derivative of functions and applies these to solve simple practical problems
- MA11-6 manipulates and solves expressions using the logarithmic and index laws, and uses logarithms and exponential functions to solve practical problems
- MA11-7 uses concepts and techniques from probability to present and interpret data and solve problems in a variety of contexts, including the use of probability distributions
- MA11-8 uses appropriate technology to investigate, organise, model and interpret information in a range of contexts
- MA11-9 provides reasoning to support conclusions which are appropriate to the context

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Component	
				Understanding, fluency and communication	Problem-solving, reasoning and justification
Task 1 Assignment	Term 1 Week 10 2023	MA11-1 MA11-2 MA11-8 MA11-9	30%	15%	15%
Task 2 Test	Term 2 Week 6 2023	MA11-1 MA11-2 MA11-3 MA11-9	30%	15%	15%

## MATHEMATICS STANDARD

### Course Outcomes:

- MS11-1 uses algebraic and graphical techniques to compare alternative solutions to contextual problems
- MS11-2 represents information in symbolic, graphical and tabular form
- MS11-3 solves problems involving quantity measurement, including accuracy and the choice of relevant units
- MS11-4 performs calculations in relation to two-dimensional figures and three-dimensional figures
- MS11-5 models relevant financial situations using appropriate tools
- MS11-6 makes predictions about everyday situations based on simple mathematical models
- MS11-7 develops and carries out simple statistical processes to answer questions posed
- MS11-8 solves probability problems involving multistage events
- MS11-9 uses appropriate technology to investigate, organise and interpret information in a range of contexts
- MS11-10 justifies a response to a given problem using appropriate mathematical terminology and/or calculations

Students studying Mathematics Standard need to be aware that in the HSC course, students will have an opportunity to elect to study either the Mathematics Standard 1 or the Mathematics Standard 2 course. The Mathematics Standard 2 course is more rigorous than the Standard 1 course.

Towards the end of Term 3, 2023, the Head Teacher Mathematics will interview students whose performance indicates that Mathematics Standard 1 is more appropriate for their learning needs.

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Component

## MATHEMATICS EXTENSION 1

### Course Outcomes:

- ME11-1 uses algebraic and graphical concepts in the modelling and solving of problems involving functions and their inverses
- ME11-2 manipulates algebraic expressions and graphical functions to solve problems
- ME11-3 applies concepts and techniques of inverse trigonometric functions and simplifying expressions involving compound angles in the solutions of problems
- ME11-4 applies understanding of the concept of a derivative in the solution of problems, including rates of change, exponential growth and decay and related rates of change
- ME11-5 uses concepts of permutations and combinations to solve problems involving counting or ordering
- ME11-6 uses appropriate technology to investigate, organise and interpret information to solve problems in a range of contexts
- ME11-7 communicates making comprehensive use of mathematical language, notation, diagrams and graphs

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Components

## MODERN HISTORY

### Course Outcomes:

#### Knowledge and Understanding:

- MH11-1 describes the nature of continuity and change in the modern world  
 MH11-2 proposes ideas about the varying causes and effects of events and developments  
 MH11-3 analyses the role of historical features, individuals, groups and ideas in shaping the past  
 MH11-4 accounts for the different perspectives of individuals and groups  
 MH11-5 examines the significance of historical features, people, ideas, movements, events and developments of the modern world

#### Skills:

- MH11-6 analyses and interprets different types of sources for evidence to support an historical account or argument  
 MH11-7 discusses and evaluates differing interpretations and representations of the past  
 MH11-8 plans and conducts historical investigations and presents reasoned conclusions, using relevant evidence from a range of sources  
 MH11-9 communicates historical understanding, using historical knowledge, concepts and terms, in appropriate and well-structured forms  
 MH11-10 discusses contemporary methods and issues involved in the investigation of modern history

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Component			
				Knowledge and understanding of course content	Historical skills in the analysis and evaluation of sources and interpretations	Historical inquiry and research	Communication of historical understanding in appropriate forms

# MUSIC 1

## Course Outcomes:

*Through activities in performance, composition, musicology and aural a student:*

- P1 performs music that is characteristic of the topics studied
- P2 observes, reads, interprets and discusses simple musical scores characteristic of topics studied
- P3 improvises and creates melodies, harmonies and rhythmic accompaniments for familiar sound sources reflecting the cultural and historical contexts studied
- P4 recognises and identifies the concepts of music and discusses their use in a variety of musical styles
- P5 comments on and constructively discusses performances and compositions
- P6 observes and discusses concepts of music in works representative of the topics studied
- P7 understands the capabilities of performing media, explores and uses current technologies as appropriate to the topics studied
- P8 identifies, recognises, experiments with and discusses the use of technology in music
- P9 performs as a means of self-expression and communication
- P10 demonstrates a willingness to participate in performance, composition, musicology and aural activities
- P11 demonstrates a willingness to accept and use constructive criticism

Task Description	Due Date	Outcomes (Syllabus)	Weighting	Course Components			
				Performance	Composition	Musicology	Aural
Task 1 Viva Voce	Term 1 Week 9 2023	P2, P4, P5, P6, P8	25%			25%	
Task 2 Composition and Aural Task	Term 2 Week 10 2023	P2, P3, P4, P6, P7, P8, P10	35%		25%		10%

# ASSESSMENT FOR VOCATIONAL EDUCATION AND TRAINING (VET) HSC COURSES

- Construction
- Dance Teaching
- Entertainment
- Hospitality

All students successfully completing a VET Course will be eligible for one or all of the following credentials:

1. An HSC
2. Australian Qualifications Framework (AQF) Certificate I, II or III

Students wanting to use their VET course for the Australian Tertiary Admissions Rank (ATAR) need to sit the external examination.

**IMPORTANT:** VET courses are categorised as Category B courses and only 1 Category B course to the value of 2 units may be included in the calculation for the ATAR.

Assessment for AQF Certification is competency based. Competence incorporates all aspects of work performance including communication, problem solving and the capacity to apply skills and knowledge in both familiar and new situations, as well as industry specific skills. Students are given the opportunity to develop skills over time and have multiple opportunities to demonstrate competence.

## Competency Record

A record of the units and elements of competence achieved will be kept in a separate competency log for each student, as well as in a data base retained by the teacher.

Evidence of competence will be gathered on an ongoing basis through specific tasks and events, such as projects, assignments, written and practical tests. **There are no marks awarded in competency-based assessments.**

To be satisfactory in these courses students must:

- Show diligence and sustained effort in achieving competencies by attempting all competency based assessment, participating actively in all class activities and attending on a regular basis.
- Attend mandatory work placement for assessment of work site competencies.

## HSC Examination

The HSC Exam is independent of competency-based assessment requirements for AQF Certification for the purpose of an Australian Tertiary Admissions Ranking (ATAR), students will sit an external exam. The completion of internal examinations will be used to determine an exam estimate should one be required in cases of illness and misadventure during the HSC exam. These exams will also be used as sources of evidence of competence in some units, and therefore will contribute to the competency-based assessment program.

## Work Placement

Work Placement is a mandatory requirement for every VET course. Failure to complete Work Placement in either the Preliminary or HSC year will render the student ineligible for the award of a Preliminary and HSC credential. If a student exits the course at the end of the Preliminary year they **MUST** have completed a minimum of 35 hours work placement to satisfy NESA requirements.

\*Assessment schedules for courses offered outside of Nepean CAPA HS will be supplied by the schools offering those courses.

\*\* Assessment schedules for our internal courses will be provided to students when they are available, and the handbook updated when ready.
