

JobJump Careers News Subject Bulletin

30 May 2019

**IMPORTANT MESSAGE TO HEAD TEACHERS and ALL STAFF
and to Parents,**

It may only take one piece of news to lead a student towards success in their life's career.

If you know students enjoy your subject, this is a great way to assist them, so please encourage them to take part in those events mentioned below in your Subject Area. Find below a listing of special careers news that have also been emailed out to many of our students and their parents.

HSC SUBJECT KLA / FACULTIES

CAPA

Dance, Drama, Music, Visual Arts

UCAT Summary and Preparation

<https://www.ucat.edu.au/ucat-anz/>

UCAT 2019 Preparation Plan

<https://www.ucat.edu.au/media/1306/ucat-anz-2019-preparation-plan.pdf>

UCAT Practice Tests and Resources

You should prepare for the test using these free official practice materials which have been developed by the UCAT Consortium to support test preparation.

We recommend you start by looking at our [UCAT 2019 Preparation Plan](#) which provides a suggested approach and timetable for preparing for your test.

<https://www.ucat.edu.au/ucat-anz/practice-tests/>

UCAT Test Day

Please ensure you read the information on [Photographic ID](#) before attending your test.

You must arrive at the test centre **at least 30 minutes** before your appointment time to complete the check-in process.

Candidates who arrive more than 15 minutes after their appointment time will not be allowed to take the test and will forfeit their test fee. This applies in cases of family emergency, accident, arrest, transport problems and security alert as well as forgetfulness and lateness.

<https://www.ucat.edu.au/ucat-anz/test-day/>

UCAT Test Format

The UCAT is a two-hour computer-based test which assesses a range of abilities identified by universities as important to practicing in the fields of medicine / dentistry / clinical sciences. The test consists of five separately timed subtests which each contain a number of questions in a multiple-choice format. Once started the test cannot be paused for a break but before each subtest there is a timed instruction section.

Candidates either sit the standard test or apply for an extended version of the test if they are entitled to extra time due to a documented medical condition or disability.

<https://www.ucat.edu.au/ucat-anz/test-format/>

Study Medicine: End of Financial year is also the close of applications, particularly for graduates

Summary information about significant medicine application deadlines for June 2019 is given for 59 university degrees leading to medicine in Australia. You can find Study Medicine on Twitter, Facebook or email:

Australian Fossil and Mineral Museum

224 Howick Street, Bathurst

Where art and science meet. Baffle your senses with an evening of tactile and visual illusions. Watch static images move and twist before your very own eyes. Feel your body change size and shape. Immerse yourself in the bizarre sensory world of animals in which perception determines your fate.

<https://www.scienceweek.net.au/discovery-centres/nsw/australian-fossil-and-mineral-museum/>

National Marine Science Centre

Located on the edge of the spectacular Solitary Islands Marine Park in sub-tropical Coffs Harbour, the National Marine Science Centre is one of the world's best situated facilities for studying coastal and marine habitats and their inhabitants.

Scientists at the NMSC excel in research in key global issues such as food security and the impacts of humans at local, regional, national and international levels.

Expertise in disciplines including marine biodiversity and ecology, aquaculture, estuarine and coastal processes, and coastal management provide a diverse base for teaching and research projects on conservation and sustainability of marine environments that are affected by increasing urbanisation and climate change

<https://www.scienceweek.net.au/discovery-centres/nsw/national-marine-science-centre/>

Nano Medicine and Cancer Therapy Science

8 August

What is nanomedicine and how is it changing our approach to cancer therapy and other treatments? Cancer nanotechnology researcher Dr. Deng from UNSW will explain how nanotechnology is changing how we treat cancer.

<https://www.scienceweek.net.au/nanomedicine-and-cancer-therapy/?search-events-count=10&search-online-count=5&default-search=1>
